

cheat+

What is Cheat+?

Cheat+ is a component of the Core4 Weight Management System. Cheat+ is an all-natural fiber product, made from the Japanese Konnyaku root. It contains all the benefits of our original Cheat, but is also infused with Green Coffee Bean Extract and Phytosterols and comes in an easy to swallow capsule. Using these three all-natural ingredients, Cheat+ is a safe and effective blend for weight loss & weight control.

What does Cheat+ do?

Cheat+ is 100% natural and works with water in order to regulate the absorption of macronutrients, including fats and carbohydrates. Simply take Cheat+ 30 minutes prior to eating. Upon hitting your stomach, it expands, creating a viscous gel, literally trapping a portion of the consumed food. Cheat+ may help:

- Reduce calorie absorption
- Control hunger
- Regulate blood sugar & cholesterol
- Neutralize free radicals

Cheat+ is the simple, ideal supplement to curb your appetite and leave you feeling full longer.

Key Ingredients

KONNYAKU ROOT - A 100% natural fiber that works with water in order to regulate the absorption of macronutrients, including fats and carbohydrates.

Supplement Facts

Serving Size: 2 capsules
Servings Per Container: 30

	Amount Per Serving
Cheat+ Proprietary Blend containing:	1230 mg*
Konnyaku (root) powder (Glucomannan)	
Green Coffee Bean Extract	
Phytosterols	
Hydroxypropyl Cellulose	

*Daily Value not established.

GREEN COFFEE BEAN EXTRACT - Contains a natural constituent called chlorogenic acid, which neutralizes free radicals. Chlorogenic acid also helps regulate and boost metabolism by regulating glucose in the body.

PHYTOSTEROLS - The most well-known and scientifically proven benefit of phytosterols is their ability to help lower cholesterol. These plant compounds are non-soluble. Once the body has routinely recognized the compounds as "cholesterol" the cholesterol lowering benefits may occur.

GO ahead, Cheat and eat!
